### Blairmore versus Macleod

The Blairmore baseball team went down to Macleod on Wednesday, where they contested with the Macleod team for the first time this season. The game was really a good one and was witnessed by a large crowd of spectators. The game resulted in a score of 7-6 in favor of Macleod.

\$100,000,000 is the estimated total investment in Canada's iron and steel works.

### Blairmore School Addition

Work on the new addition to the Blairmore public school is progressing rapidly and will soon be ready for the plasterer and decorator. The new piece gives the building a decidedly improved appearance and will add greatly to the accommodation of the pupils.

The net postal revenue of Canada for year 1910-11 was \$9,146,952, and expenditures \$7,954,232.

### Board of Trade Meets

Matter of Road Improvements Is  
Subject of Discussion

The regular monthly meeting of the Blairmore Board of Trade was held in the council chamber on Wednesday night, vice-president W. A. Beebe, presiding. Among those present were A. A. Sparks, L. Dutil, T. B. George, W. A. Malcolm, D. C. Drain, John Angus McDonald, W. J. Bartlett and L. C. Galois. Considerable discussion took place over the programme laid out by the minister of public works and his engineers regarding improvements to the roads, and the following motion resulted:

McDonald - Malcolm - That the vice president, W. B. Beebe, telephone Mr. Gordon, engineer, Lethbridge, that the members of the Blairmore Board of Trade do not approve of the government spending any more money on the old road between Blairmore and Coleman, as there is a more satisfactory route that is approved by the citizens of both towns. Carried. Malcolm - McDonald - That the vice-president make arrangements with the president of the Coleman board to hold a joint meeting of both boards at the earliest possible date, for the purpose of considering the plans proposed by the government in regard to the repair of the main highway through this district, and of recommending new routes, etc. Carried.

No other business the meeting adjourned at 10.30.

### Blairmore To Have

A Closed-in Rink

During the past week a portion of land was purchased from W. A. Beebe, on which it is proposed to erect a skating rink. The walls of the new rink will be sheathed in stanchion and so arranged that the roof may be placed on at a later season. The plans for the new rink are being arranged. They provide for a rink of greater capacity than anything yet constructed in The Crows' Nest Pass and in fact will compare favorably with any rink in Southern Alberta.

The location will be that formerly occupied by the old rink at the corner of State street and Fourth avenue. Work of construction will begin at once, so that lovers of this most popular source of winter recreation will be able to look forward to the promised pleasures of the coming winter.

Arrangements will also be made for a band balcony, which will not in any way interfere with the skating space or the spectators' reserves.

### Sudden Death of

Douglas Allison

On Sunday morning last the citizens of Coleman were aroused at the information that Major Allison had been found dead in his room at the rear of the Coleman drug store.

Mr. Allison had fainted in apparent good health on Saturday night, and his demise is supposed to have been caused through heart failure.

Major Allison was one of the old timers in the West, having formerly been connected with the Royal North West Mounted Police at Pincher Creek and Macleod, previous to which he spent several years in the Alaskan gold regions. He was a veteran of the Boer war in South Africa, and could always relate tales of interest in connection with that war. Of late he had spent most of his time in this section of the Crows' Nest Pass, and but recently took up his abode in Coleman, having secured living quarters at the rear of the drug store. He was about sixty years of age and single. As far as can be learned Mr. Allison leaves one brother and one sister, both of whom reside in the United States, the former in Kansas, and the latter in some part of New Jersey.

The funeral took place at 3 o'clock on Tuesday afternoon at the Coleman cemetery, the burial being in charge of the Masonic order, of which the deceased was a member, and attended by a large number of friends and acquaintances from Pincher Creek and neighboring towns.

### Anniversary Services at

Central Baptist Church

Rev. D. M. Thomson, of Fernie, conducted the anniversary services at the Central Baptist church on Sunday last, both services being well attended. On Monday evening a supper was served between the hours of 5.30 and 8 o'clock, when a goodly number partook of the delicate edibles provided by the ladies of the church. At 8 o'clock a programme was rendered, consisting of songs, recitations and speeches, the following being prominent on the platform:

Revs. McLean Beaton, of First Presbyterian church; D. M. Thomson, of Fernie Baptist church; W. T. Young, of Knox Methodist church, Frank, and the local pastor Rev. J. F. Hunter, B.D.

All the addresses were forcible and to the point, bearing upon the field and opportunity for labor as is existing today in the mining towns of Southern Alberta.

The members of Central Baptist church were accorded congratulations upon the success that has attended their efforts up to this third anniversary, and of possessing such a beautiful edifice as a place of worship.

### How Lewis Turned

Turtle At Macleod

### Drummers' Convention

Hundreds Make Merry At Rocky Mountain Sanatorium

On Friday last the Rocky Mountain Sanatorium was the scene of considerably more than the ordinary routine of life and excitement, it being on that day that the exponents of commercialism from all parts of Southern Alberta (principally Lethbridge) met for their annual convention and repast.

Considerable credit is due the management of this popular resort for the manner in which the hotel was decorated and plans arranged for the convenience and comfort of the visitors.

About seventy ladies and gentlemen from all points in Southern Alberta, together with about one hundred from Frank and Blairmore congregated at the hotel on Friday night, where a grand ball was given under the auspices of the Commercial Travellers' Association, and the gayest of gay was the manner in which everyone appeared. The Macleod orchestra rendered pleasing music throughout the night. A sumptuous luncheon was served at midnight, and dancing was kept up until 3.30 a.m. Saturday.

Saturday's programme was to have included a tennis tournament in the afternoon from 2 to 6, but the presence of rain showers made it advisable to cancel this part of the affair. A double tennis court had been prepared and in readiness, and the management of the hotel had arranged to award \$100 in ladies' and gents' prizes. However, despite the presence of the unwelcome showers the day was not a lost one by any means and all those who attended and were disappointed on account of the showers outside were made merry and welcome in the most hospitable manner by the management, patrons and ladies inside, and singing, games and all sorts of amusement helped the hours to pass merrily away.

Sunday was observed in a fitting way, the principal feature being the closing banquet in honor of the Commercial Travellers' Association. No finer spread has ever before dazzled the eyes and tempted the tastes of the inhabitants of any hostelry in The Pass, and needless to say lack of justice was a nil feature. At the same time beautiful musical renditions were given by the Macleod orchestra and the Bellevue band. All were loud in their praise of the excellent work of the latter, for this famous orchestra seemed to literally fill the great structure and thrill the assemblage with sweet strains.

Space will not permit us to give in detail the names, etc., of the guests present, but elsewhere in this issue is a partial list of those in attendance from outside sections.

Most of those from distant points returned to their destinations by Sunday night's train. Hundreds of citizens of Frank and Blairmore were at the Frank station to bid the party adieu! At the station prior to the train's departure the Bellevue band rendered several sacred selections, which added much to the climax of one of the most pleasant and successful conventions ever held in Southern Alberta.

## SAMPLE MARKET FOR GRAIN

### How it Will Waik Against the Best Interests of the Farmers of the Canadian Northwest

The efforts of the dealers in wheat and other grains to establish a sample market in Winnipeg are being made by men who desire and who appear to be determined to regain the control of the grain trade they held for many years, but which they have now lost. Selfish motives are the prime moving principle that governs all the steps they are now taking. Let us examine the true inwardness of the matter.

There are only about seventy-seven days from the time the crop commences to move, in the fall of the year, until the close of navigation at the head of the Lakes. The grain crop of Western Canada is taken from Fort William and shipped across the Great Lakes by boat to the eastern markets. After the close of navigation the grain grown in the west which has not gone across the Lakes by boat must necessarily go by rail routes to the Atlantic ports either around the north shore of Lake Superior or through the United States. Under the proposed system of sampling, every carload of grain passing through Winnipeg on either of the present lines of railway will be subject to a wait of twenty-four hours, except Sundays and holidays, when the wait will be twice that long.

The plan of those in favor of a sample market in Winnipeg is a sample of grain arrives in Winnipeg a sample is taken from it and sent up to the Grain Exchange and the grain disposed of in that sample. Immediately after it has been disposed of the railroad is notified and the car is sent forward to its destination which may be East to Fort William, Eastern Ontario or the Maritime provinces, or to points in the Western Provinces, where the grain is used for local consumption. Thus every car arriving in Winnipeg would have to remain in the railway yards until the grain was sold. This would mean a delay of at least one full day.

The delay in transit of cars arriving in Winnipeg on Saturdays would be much longer, as the samples taken from cars arriving at eleven o'clock or later on that day would not reach the grain exchange in order to be disposed of before closed. Because on Saturdays the exchange closes at one o'clock. Therefore the samples from cars arriving at eleven o'clock and also every car arriving between that hour and the close of the grain exchange on Monday morning, would have to remain in Winnipeg until Monday evening. That is, on Monday afternoon the orders for forwarding of cars to their destination would begin to pour in to the railway companies, and all the cars which had arrived after eleven o'clock on Saturday would have to wait until the first Monday afternoon. It is of the first importance, in fact it is imperative, that the cars should reach their destination and be unloaded without delay, and returned west for another loading. The delay would tend to prevent prompt unloading should be guarded against. Such is the plan of the men who scheme of a sample market, as proposed by the Winnipeg Grain Exchange. As a specimen of the true inwardness of this scheme has seldom been equalled. It is nothing short of a barefaced attempt to deprive the farmers of the West through the manipulation of their market, for the benefit of the dealers in grain, who always try to get the lion's share of anything. It is a plan which works on the spot, and would have the opportunity a first chance afforded them to clean just what they want. The remainder, not that is allowed to pass on to the Lakes.

The ring have long visions of fat commissions from Eastern millers who cannot attend the sample market and act a first class chisel. They will be able to clean all the best grain in the sample market. The remainder will go forward and be sold by grade.

But the general market will be injured by the excessive quantities of No. 1 Northern deteriorating in proportion to the quantity of the very best wheat which will be cleaned out of the whole crop on the sample market and the farmer will receive a less price on his crop.

**French Birth Rate**  
According to statistics issued, the birthrate of France during the last year was more deplorable than ever, and the number of deaths exceeded the births by 34,869, representing the loss of population. The birthrate was the lowest ever recorded being only 74.214.

On the other hand, France compares favorably with other countries in the matter of marriages, which numbered 397,788, being rather more than in 1910. Divorces were 12,000, the number last year being 13,058. Another interesting point is that France has more old people than any other country.

**His Gait**  
Patient (a sportsman who has been badly reprimed)—But hang it all, doctor, since the accident I've gained two pounds!

**A Sudden Fizzle**  
At a mass meeting in a small country town, representatives were distributed to keep the speaker in good humor. The first speaker rose after the noise had ceased to some extent and began the speech by saying: "The old hall is full tonight, but here his voice was drowned by the confusion. When he was subdued by again he began by saying:—

The old hall is full tonight. He paused for a moment and then said a thick voice in the back of the hall said slowly and deliberately:—So is old hall full.

The meeting then broke up.

## Provision for Deduction

Nation characteristics are suggested by this story.

A certain gentleman complained to three friends—an Englishman, a Scotchman, and an Irishman—that his servant broke a great deal of china.

The matter-of-fact Englishman gave the short bit of practical advice, "Dismiss him!"

Take it out of his wages, spoke the thymy Scot.

Objection to that course was made on the ground that the wages were less than the ironical and the scamp, and the Irishman at once came to the rescue with, "Thin raise his wages."

**A Real Test**  
Paseby—What's the fuss in the schoolyard, boy?

The boy—Why, the doctor has just been around examining 'em an' one of the deficient boys is knockin' the everlasting stuffin' out of a perfect kid—Cleveland Plain Dealer.

Many people think that netting farming is confined to South Africa, but it seems the bird thrives amazingly in New South Wales, although it is not yet extensively bred. There are at present some half-dozen ostrich farms in New South Wales, and the experience gained proves that the change has produced an improvement on original types, due to double to the climatic conditions under which the birds are bred. One New South Wales ostrich farmer, who is also a manufacturer of feather goods, plumes of his flock are the finest in the world.—Westminster Gazette.

The Prussian city of Godesburg will spend nearly \$1,000,000 to build a municipal slaughter house.

**Her Yearning**  
Little Marjorie Louise leaned on her grandfather's knee and said with a space with a particularly soulful expression.

Grandmother, she burst out suddenly, I just long to grow up and be a big lady and have corns!—Harp's Bazar.

What do you do during the summer months, when you are not out of the city? I go to some resort, answered Hamlet Patti, an act as a professional guest at garden parties of the new rich.—Kansas City Journal.

**Alike, Yet Different**  
Mrs. Youngblood—My husband is very determined; he never gives up.

What does he do?—Neither does mine.—Boston Transcript.

He (morally)—After all, man is weak. She (cooly)—In union there is strength.—Boston Transcript.

She had engaged a maid recently from the country and was now employed in showing her newly acquired treasure over the house and enlightening her in regard to various duties.

—Always they pitched the best room.

"She said the mistress of the house, pausing before an extensive row of masculine portraits, these are old masters."

—um, she gasped, gazing with bulging eyes on the face of her new employer; for 'um, who'd ever have thought you'd be married all these times!"

**Rare Roman Coins**  
Coins buried for 1,600 years came to light at Pompeii, France, when a farmer was leveling his yard. These date from the Gallo-Roman period and number about 2,800. Of these 1,400 are silver and the rest bronze. They had been buried in an earthenware vessel placed in a stone building hiding place. As to the silver coins, these are in a very good state of preservation and are fine specimens. But the bronze coins suffered much from the air. A number of rare pieces were found in the collection coming from the site. One of the most interesting was a coin of the Emperor Trajan (A.D. 98-117) and the most recent from Diocletian. It is thought that the coins were buried about 315 A.D.

**Lived on Water**  
Just fancy! There's a fastidious man who has been living for 45 days on water.

That's nothing. My father lived for 20 years on water.

Go on!

Yes, he was a sea captain.—Boston Post.

**A Good Reason**  
A New York Judge told a woman's law class that his only reason for opposing woman suffrage was "because."

Ar! the feminine students understood him perfectly.—St. Paul Pioneer Press.

**Cultivation Under Glass**  
A Swiss professor of agriculture has been experimenting with cultivation under colored glass and finds that ordinary transparent glass gives the best results. Orange glass forces the plants, but hinders the fruit; gold glass increases the quantity of fruit, but lowers its quality; red, blue and green glass is positively injurious.

**And Maybe the Maid Too**  
Young Misses—Do you think my Ernest really loves me, Emmy?

Maid—Of course, he's such a nice young man, he likes all the girls.—Fliegende Blätter.

**Deuteronomy**  
"Pastor! Is it not a wonderful thought, my dear Mr. Jones, that the hairs of your head are numbered."

Cynical Old Bachelor (with a rueful smile)—I don't know, I don't know. I could count 'em myself.

**Other Interests**  
I wish you'd join our culture club. Mr. Rich! What can a woman with fourteen husbands do except get out of a culture club?

## The Clinton Motor Car Co., Limited

Will show a full line of "CLINTON"

Motor Cars, Delivery Waggon, and Heavy Trucks, at the Winnipeg Fair July 10th, to July 20th.

You are cordially invited to inspect these Canadian-made cars if you visit the Fair.

We want agents in all the centres of Manitoba and Alberta, that are not already signed up. For information address

**E. D. Cleghorn, Sales Manager,**  
Queen's Hotel, Winnipeg

Agents for the Province of Saskatchewan:  
**STERN & BURTON, SASKATOON**

**He Misunderstood Orders**  
Mistakes made over the telephone are sometimes as humorous as they are serious. One is told, having the suburban woman and her husband.

You know, she said, I wanted to persuade our hens to lay in the nests we had provided for them. So I telephoned my husband to bring home a couple of artificial eggs with him.

Didn't he? He brought home a pair of cork legs.

**A Personal Affront**  
Striking members of the Amalgamated Skirt Silhouette were holding a conference.

Where is that tall thin girl, who made the union last week? enquired the waiting delegate.

The secretary arose to reply:—She took offence when she was called on to act as a picket—Judge.

**Very Much Married**  
Walters—Have your sister, sir? Husband—(to his wife)—Shall I have another glass, Friedrick?

Write to (her mother)—Shall he have another, mother?

A maid was brushing her mistress's hair when she mentioned the fact that she heard Miss Evans sing in the parlor the night before.

Oh, didn't you like it? she asked the mistress.

Oh, must! answered the maid, it was beautiful! She sung just as if she was gargling!

**Kill the Cat-Worm**  
Farmers at this season of the year should watch for the appearance of cut-worms, and should lose no time in ridding their fields of this pest immediately upon their appearance. The following remedy is recommended by several agricultural departments.

Bras, 100 pounds.  
Fark arch, 2 lb. 1 pound.  
Sugar, 2 to 3 pounds.

Mix thoroughly and dampen slightly with water and spread over the section where the worms appear.

**Ion, Price Ellison, minister of Prudence and Agriculture of British Columbia, has accepted an invitation to address the great international Dry-Farming Congress in Lethbridge, Alberta, October 21-25th, and he has not the least intention of being there.**

It is he is making every effort to have one of the largest exhibits of his products at the British Columbia exhibition to display to the great land show in Chicago and New York after the Dry-Farming Products Exposition at Lethbridge.

The possibilities of cold storage exportation of food from Manchuria for European consumption are indicated by the market prices showing that eggs sell there for 50 cents a hundred, chickens and ducks for 8 cents each, deer for 7 cents and sheep for \$2.

**Appropriate**  
Willie—Why do you call your machine a shoe?  
Jude—It should be called the last word in automobile construction.

**Oil of Cedar Wood**  
The demand for oil of cedar is very limited in England. Consul General Griffiths states that it is quite popular in the United States. The current market price in London is 14 to 16 cents per pound. The oil is obtained from the cedar tree, which is a native of the mountains of the West. The demand for cedar wood oil is said to be greater in France and Germany.

## KEEP IT HANDY

You can never tell when a horse is going to develop a Cough, Spavin, Ringbone or any other ailment. It is bound to happen sooner or later. And you can't afford to keep him in the barn. Keep a bottle of

**Kendall's Spavin Cure**

handy at all times. Mr. Wries, of Icelandic River, Man., writes: "I have been using Kendall's Spavin Cure and find it safe and sure."

W. J. BARRETT, Proprietor.

Blairmore, Alta., Thurs., Aug. 8, 1912

It is gratifying to know that

the government have not alto-

gether forgotten that there is

Southern Alberta, and that in

parts of that section at least

there are a few trails needing

patching up.

The Lethbridge-Morning

News contains the report that

the International Coal &amp; Coke

Co., of Coleman, turned out

310,000 tons of coal and pro-

duced 7,000 tons of coke during

the month of July. Then there

was a shortage of cars and four

days lay-off on account of labor

troubles which considerably re-

duced the output. That's going

some! There's no need of open-

ing up any more mines.

Public Works Minister

And Suite Take Tumble

Hon. C. R. Mitchell, minister

of public works, John Stoeck,

deputy minister of public

works, and Duncan Calder in-

spector of roads and bridges,

visited The Pass on Tuesday

in the interest of our highways.

They announced their plans

for improving the roads from

Macleod to Coleman, and par-

ticularly that section which

passes over the Frank slide.

Already a gang of men have

been set to work on the east

side of the slide and another

gang under the charge of A. W.

Robbins have started in on the

west side. All along the line

men will be engaged for road

building and we may hope soon

to know whereof we tread.

Publications of Depart-

ment of Agriculture

For a number of years, there has

been a constant flow of valuable

information on agriculture, in its

several lines, going out from the Department

of Agriculture at Ottawa. In the

forms of annual reports, special

reports, bulletins and circulars hun-

dreds of publications have been

issued considerably exceeding a million cop-

ies a year, and the stream is con-

stantly enlarging. Until recently

each of the several main branches of

the department sent out their own

publications. An advance step has

lately been taken in the organiza-

tion of the publications branch which

is charged with the sending out from

one office of all the publications as

issued. As a guide to the agricultural

public as to what publications may

be procured, a full list indicating the

subjects treated, has been issued in

pamphlet form to be sent out to those

who apply for it.

Weeds of Alberta

Bulletin No. 1 of the Weed and Seed

Branch of Department of Agriculture,

Edmonton, is available for distribu-

tion, and any farmer may obtain a

copy free by writing the Department.

It is an illustrated work on the Com-

mon Weeds of Alberta giving brief

descriptions and well-executed draw-

ings of the weed found commonly on

our farms, particularly those classed

as "noxious" under the Noxious

Weed Act, besides which is given the

best and latest methods for eradica-

ting each weed under the different

systems of farming followed. This

bulletin has been prepared by Angus

McKenney, B.S.A., and C. E. Lewis,

B.S.A., of the Department of Agri-

**Happenings in and****Around Blairmore**

Carl Pegg came up from Dim-

ond City on Tuesday.

Rev. J. F. Hunter returned from

Ferne on Monday's local.

F. H. Kafoury, who spent Sun-

day in Fernie, returned to town

Sunday night.

L. H. Putnam, barrister, went to

Medicine Hat last Friday to attend

a session of the criminal court.

There will be the regular fort-

nightly meeting of the city fathers

at the council chamber on Monday

night next.

Chas. Martin, after spending a

week with Mr. and Mrs. Fryer,

left for Winnipeg, via Calgary, on

Friday night.

Rev. J. McLean Beaton has gone

to Banff, where he will attend the

camps of the summer schools in

session there.

Gilbert Roy and family, who

have resided in Blairmore for

several years, left on Wednesday

for Westville, Nova Scotia.

A party of eight went down to

North Fork on Saturday and

returned Sunday night with a good

share of the finny tribe.

The football match between

Burmia and Blairmore, on Wed-

nesday evening, resulted in victory

for the local team by a score of

1-0.

Mrs. H. G. Bigelow left by Sun-

day night's express on a visit to

friends at Toronto and other On-

tario points. Mrs. Bigelow will be

absent several months.

Henry Raymond went down to

Shepherd's ranch at Cowley on

Saturday with a fishing rod. He

returned Monday and reports hav-

ing suffered several bites.

H. W. Benson and T. N. Watts,

of Macleod, paid a visit to Blair-

more on Monday to consider the

advantages of running a moving

picture campaign here.

"I was cured of diarrhoea by one

dose of Chamberlain's Colic, Cholera

and Diarrhoea Remedy," writes M. E.

Gebhardt, Oriole, Pa. There is

nothing better. For sale by all deal-

ers.

Harry Hyde, of Pincher Creek,

is visiting old timers in this sec-

tion. He attended the funeral of

Douglas Allison at Coleman, on

Tuesday, as pall-bearer.

Rev. J. F. Hunter, of the Central

Baptist church, went out to Fernie

on Saturday, where on Sunday

morning and evening he officiated

at the Baptist church.

Rev. Pearson, of Passburg, will

officiate at the Presbyterian church

here on Sunday morning and even-

ing next, in the absence of the

pastor, Rev. McLean Beaton.

Central Baptist Church.—The

subject for the morning service

next Sunday will be "The Heart's

Chart," and for the evening service

"What Do You Think of Heaven?"

"Were all medicines as meritorious

as Chamberlain's Colic, Cholera

and Diarrhoea Remedy the world would

be the off and the percentage of suf-

fering greatly decreased," writes

Lindsay Scott, of Temple, Ind. For

sale by all dealers.

A. Bouthillier, of Cowley, paid

Blairmore a visit this week. Mr.

Bouthillier has just disposed of his

farm lands near Cowley, and in-

tends to make his home on the

Pacific coast.

M. Reese is making some im-

provements to the front of the

drug store. Large plate glass has

arrived which, when put in place,

will make the front very much

more attractive.

John Herron, of Pincher Creek,

was visiting his old friends in

Blairmore and Frank this week,

and was one of the pall-bearers at

the burial of Major Allison at

A big boxing match will be

staged at the opera house on Sat-

urday night, the 17th inst., by

Thomas Tapella and James Bur-

rows. This bout promises to be

of unusual interest. For further

particulars see bills later.

One of the biggest real estate

deals of the past few months was

put through by Messrs. Fryer and

Sivclair on Saturday last, when

the lot adjoining and east of the

new Cosmopolitan hotel was sold

by them for a cash consideration

of \$4,000.

On Thursday, Friday and Sat-

urday nights of this week the Bell-

Butler Stock Co. will appear at the

Blairmore opera house, and pre-

sent three comedies, the first "Rena

Rivers," Friday night in "Little

Lord Fauntleroy" and Saturday

night the sensational three-act

moonshine comedy "Sandy Bot-

tom." Good vaudeville and

specialties between acts. Popular

prices—50 and 75 cents.

We have received a copy of the

"Wreck of the Titanic" from the

publishers, The Maritime Publish-

ing Co., of St. John, N.B. The

work is edited by Thomas H. Rus-

sell, A.M., LL.D., formerly of the

General Register office of Shipping

and Seamen, and contains a very

graphic and thrilling account of

the sinking of the greatest float-

ing place ever built, carrying down

with her 1601 souls. These books

may be had from the Maritime

Publishing Co., for the sum of \$1.

The following registered at the

Blairmore hotel during the week:

Friday—A. O. Davis and Alex. G.

Low, Calgary; Chas. Merrick,

Winnipeg; G. W. Whitaker and

**Beard's Camp Notes**

There will be a special service in the St. Hyacinth's cathedral on Sunday afternoon. Bishop Trym will preach on "The Revolution of Atheism." A large attendance is expected, and special seats will be reserved behind the "bars" for members of the Grand Order.

Jane attended the Telephone Workers' ball at the Blairmore opera house on Wednesday night of last week, and is since suffering from chronic desolation of the left toe. Jane lost nine toes through being bitten about two winters ago—by frost. It's easy to make some girls "lose the line." Better try your hand on Jane.

Uncle Ned intended to take in the Fairbridge celebration, but last week he noticed, according to the Pincher Creek Echo, that the amount of prizes to be offered (18,000) was not worth competing for. "It's a cheap concern that can't afford any more than \$15 for prizes. Guess J. C. Drewry, at Cowley, will sell out."

Uncle Ned paid a visit of inspection to the Hog's Back and Blairmore on Saturday. He reports building operations progressing more favorably in Blairmore than in Beard's camp. He claims that the new Compocon hotel compares favorably with the Chateau Laurier, the Waldorf-Astoria and other lodging houses he has seen.

That well-known Blairmore lady who bombarded the view of half the audience at the picture show Saturday night by the presence of a "hat" had better stay home. The "merry widow" was bad, but when the boss of the opera house asked her to remove the hat, the picture expanded so that the whole screen was darkened. Jane says she'll never attend the opera house again without an x-ray machine or a pair of McDiougal's magnifiers.

During the past week, Uncle Ned has gone all through the category of the 232 different religious denominations of the world, and finding nothing he could conscientiously tie to along their lines, has concluded to formulate a religion to suit his own requirements. He purposes to take into the canon of his church, the little of everything—except religion, and at present is in quest of some kind friend to present him with the necessary paraphernalia, a testament and a cracker box, and as soon as this desire is accomplished will launch his religious bark out on the broad ocean of life. He anticipates a large following and no doubt will cut a wide swath out from the non-church goers of Beard's Camp and near by towns. As his intentions are to head his craft towards well irrigated places, where plenty of moisture prevails, he is of the opinion (after having read what the Hillcrest correspondent said about Gunkaville) he will be able to reach a vast following at that place. The central site for the location of his church building will be on the Hog's Back at the confluence of the by-path leading to the dark, entangled glens so conspicuous so much admired by lovers of natural scenery which predominates in the Hog's Back hills.

For the information of some who are sooped with evil as to try to shift Beard's Camp around from the south to the east side of Blairmore, your correspondent would like to have you describe plainly this town's location. Beard's Camp is almost as old as the hills, and has been the historic center of all the massacres of the great-great-grandfathers of the Aborigines and Gunkaville. The town has a beautiful location. To the east, to the west, to the north and to the south are huge and beautiful mountains, deep fjords, fallen timber and proudly standing pines who would dare the axe of the woodman, and in fact old "Bill" himself has never had the heart to slaughter a single pine that bombarded his right-of-way to the tenant-timbers farther inland. Blairmore is located directly north of us in a picturesque valley, that is not only fancied for its fertile soil, river and hills, but also for its production of the most beautiful lilies in this great and golden west.

What lies in Beard's Camp can be found in regular Paradise in verdure. Roses are really blooming all the year round, and, but for the bi-annual visit of the Gunkaville, is as free from the provowings of vicious beasts as the Hog's Back is of the fairer sex. Our town fashions never have to scratch each other's faces over party grudges in connection with municipal affairs. Our streets are never blocked by buildings that occupy twenty feet of land on the right-of-way that really belongs to the public. Our people are not pestered with the catalogue of foreign mail order houses, which strive to assist citizens to break down the powers of the local merchant who tries to acquire means and devices that might materialize for the general good and uplifting of the community. We don't have to encourage the existence of unlawful places merely for the graft of coin to strengthen the city or a private treasury. And in fact we are citizens of the only ideal town south of Blairmore, and we would invite anyone who desires a beauty spot, in every sense of the word, to visit Beard's Camp.

**Notes From Burnis**

Several parties of ancient anglers left this week to fish the tributary waters of the North Fork. We hope to see the boys return with a big catch, as the North Fork gets the name of being the best fishing ground around this district.

The Burnis mine operations are beginning to assume their old time aspect. The mines are now working three shifts, and many more men are being started to provide for the increased tonnage desired, and with the building operations that are going on at present, the town certainly looks like a hive of industry. This is the beginning of an new era, and when operations commence on the new screening plant at the mine, business will be increased, and the quality of coal exported will be away ahead of the average of the Pass.

The Order of Gunkaville met again this week and many and numerous were the discussions that took place.

Our article written by the Hillcrest correspondent was submitted to the meeting. Several members said that they had, owing to heretofore friendly feelings with the H. C., tried their best to find out what he was trying to talk about, but were absolutely "dashed." The president said that if a person deserved merit he should get it, but the valid nonsense they referred to, was evidently an emanation from the same unhinged mind, that they had referred to in last week's meeting. Good can be drawn from most anything, so the following resolution was passed, for the future guidance of all people:—"That the man who attempts to draw on an imagination, which he does not possess, is on a par with the 'tinhorn' who capitalizes on a shoe-string."

We are pleased to see our friend from Beard's Camp again in the fore. We would like to assure him, that although the Order was founded in Burnis, and although we are loyal to our town, we meet together for the good of all people and places. (Our official map has placed upon it a circle indicating Beard's Camp, but we are in a quandary through reading the items of our worthy member, and know not what color to paint it.)

The order also desire to express their thanks to Jane, and the "tin-horn" will sure be on deck the night of the "High Jinks."

One member asked why Blairmore should seek players from Hillcrest, a curious question, but satisfactorily explained, when it was shown that Hillcrest won, that Hillcrest would get the cup.

Hillcrest is evidently prepared to do anything to get the cup cheaply.

The secretary was advised that Pincher Creek is expecting to strike oil before long, and the matter of the bridge over the Old Man, is still "in the hands of the department," also that Turtle Mountain might take a tumble some day.

We notice in connection with the small trout catchers, Magistrate Gresham, has made sparks fly. What sort of a yarn could the \$40.00 men spin.

We hear the suggestion that "A Natural Gas Company" propose supplying this end of The Pass. The undertaking will be on a large scale, the main being two feet six inches in diameter, and six inches larger than the Calgary mains. The supply will be drawn from the quarters of the H. C. for the Blairmore, Lethbridge, Calgary N. T. and Calgary H. T.

The meeting was brought to a close at a late hour, with the recitation of "How Paddy Stole the Rope."

**Stealing Rides on Trains**  
Potter McEellan, the former Canadian Pacific conductor, who was arrested by Special Agent Ordronaux at the end of C. P. R., July 18, on a charge of having been intoxicated while in charge of a passenger train running from Calgary to Alameda yesterday committed for trial by inspector Sweetapple. The case will come up for hearing at the next session of a court of competent jurisdiction. Meanwhile he is held in custody.

E. W. Huggill appeared for the prosecution yesterday and M. B. Peacock for the defense.

Monday afternoon five vagrants caught stealing rides on trains, were found guilty by inspector Sweetapple and fined \$25 each and costs, with the alternative of spending thirty days in jail.

Through the excellent work of Special Agents Grierson and Mason, the "free riders" of the genus Homo on the Canadian Pacific lines have been largely stopped.

**Here and There**

Mutsuhito, emperor of Japan for nearly half a century, died on Monday morning last. He is succeeded by Yoshihito Ham-No-Miya.

Scores of lives were lost and hundreds of families rendered homeless by a cloudburst and storm which visited the Upper Youghiogheny Valley in Pennsylvania state on July 24th.

Bassano is a dry town at the present time, both hotel bars having been closed for an alleged violation of section 72 of the liquor license ordinance, for selling liquor to intoxicated persons.

Mr. Madden, of the Toronto street railway service, is on a visit to his brother at the Windsor Hotel, Lundbreck. Mr. Madden has been connected with the Toronto railway for over twenty-three years, and this is his first visit to the West.

Sailor, the Newfoundland dog which collected at Southampton for the Seamen's Orphanage, has just died at the age of eight. It used to watch the coming and going of liner passengers, and collected nearly \$25,000.

In the British board of trade enquiry into the Titanic disaster, ninety-eight witnesses were examined, and 25,631 questions put to them. The cause of the disaster was attributed to "a bad look-out and excessive speed."

The C.P.R. Express of Britain collided with the coal carrier Helvetia off Magdalen Islands in the Gulf of St. Lawrence last Saturday, sinking the latter with a

cargo of 8,000 tons of coal. Not a life was lost. The Empress of Britain returned to Quebec badly damaged. The Helvetia was struck amidships and cut completely in two.

**World's Sunday****School Convention**

Earth's ends will meet at the World's Seventh Sunday School Convention in Zurich, Switzerland, July 8-15, 1913.

Two thousand delegates are expected to sail from America in specially chartered ship, and with five hundred others from all parts of the globe, it is believed that a higher point of vision of world reach and world conquest will be attained than anything the more than a century of the modern Sunday School movement has recorded.

The World's Sunday School Association, whose purpose has been declared to be "Sunday School Conquest of the World," is co-operative and interdenominational. Its administration is largely in the hands of a group of consecrated Christian laymen who believe the Sunday School to be the most valuable asset of the Christian Church. These men desire to increase the efficiency of the Sunday School in all lands, and especially in those regions of the

**Lake City**

Is the name of the Western Terminal Point of the proposed Crow's Nest Pass Electric Railway and is already tapped by the Pass line of the C. P. R., while the G. N. R. has already approached to within a few score of miles and must eventually pass through this admirably located town.

**Lake City**

Is located by the shore of Crow's Nest Lake, only a few miles east of the provincial boundary between Alberta and British Columbia, and just north of the international line. In reality, it is at the top of Canada where the majestic Rockies tower in serene magnificence over great chasms and numerous floods, reflecting their presence on the waters of this beautiful lake. Here also are afforded the very best tasks for the daring mountain climber and for huntsman who desires to outlive the quiet ways of the Rocky Mountain goat, sheep, deer or elk, which are the monarchy thereon. In close proximity are numerous timber, mineral and fuel resources, development of which is now in its initial stages. These resources include gold quartz, coal, iron and pulp wood. Crow's Nest Lake has long been looked upon with promise as an admirable location for health and tourist resorts, and but now this promise is being realized. Plans for hotels, etc. are being arranged, as well as boat houses, and the most modern pleasure yaws will soon glide over the surface of this beautiful lake.

But a few weeks ago lots were placed on the market, and the agents have had their hands full attending to purchasers. Prices run from \$150 up. For further particulars apply to the agents:

## Doctor Pierce's Favorite Prescription.

Mrs. J. Dactor, of 201 S. Benton Street, Baltimore, Md., says: "I wrote you about nine months ago, telling you of my condition. I have a fine baby girl—the weight of a yearling—strong and healthy, and the strongest of them all. My suffering was only for two hours. I took several bottles of 'Favorite Prescription' and one of Dr. Pierce's 'Sinner's Ward.' I never had a bad day before I took your medicine. I was surprised how well I felt—could eat—was always hungry, and never had a sick stomach. The nurse who was with me said the medicine was wonderful because I had almost no pain. Since then I have been able to do all the housework I wish to, and I have no more pain. I have no more doubts, and I intend to recommend it to all her suffering patients. Everybody is astonished at me because I only weighed 130 pounds before and now I weigh 155. I have had several babies come to me and said I was the best medicine. I am willing to be recommended to all who suffer and want help. If any want information I will be glad to give it to them."

# =: THIS IS YOUR =: OPPORTUNITY

It is by taking advantage of OPPORTUNITY when it comes that fortunes are made  
Here is a chance FOR YOU TO GET IN ON THE GROUND FLOOR of one of the BEST PROPOSITIONS in Alberta.

## ...Blairmore Brewing & Malting Company, Limited...

A Company incorporated under the laws of Alberta with a capital of

## ... ONE HUNDRED THOUSAND DOLLARS ...

For the manufacture of BEER and BEER EXTRACTS and all kinds of TEMPERANCE DRINKS

The Company are offering for public subscription

## SEVEN THOUSAND SHARES

of the Capital Stock at Par Value \$5.00 Per Share

The purpose for which these Shares are offered is to pay for a portion of the necessary equipment for the brewery. The Company has already purchased the machinery necessary for brewing, part of which is already installed, and we expect to have the Brewery in operation in a very short time. The Company has been fortunate in securing one of the BEST AND MOST UP-TO-DATE BREWERS on the Continent who is at present superintending the installation of machinery.

### WATER

The Company owns its Water Rights, with an ample supply of water for all purposes, brought direct from the spring to the works by pipes under a pressure of 150 pounds. An expert Brewer from Milwaukee said that the water asset of this Company was worth its total Capitalization.

### Water Analysis for Brewing Purposes

Per cent. in 100,000 parts of water:

Total hardness of Carbonate of Lime	17.57	Nitrates.....	.70
Loss on Ignition (organic matter and		Chlorine.....	.6
Dioxide).....	10.10	Phosphoric Acid.....	trace
Free Ammonia.....	.02	Sulphates.....	3.00
Nitrites.....	none		

### SITUATION:

Blairmore Brewery is situated in the TOWN of BLAIRMORE. A Town that it is possible to reach by wagon the Towns of CARBONDALE, COLEMAN, FRANK, HILLCREST, BELLEVUE, LILLE, PASSBURG, and several other small Mining Camps, all within a radius of about Four Miles, thus saving a great amount in railway freight. The estimated population of these towns is about 12,000, and the nearest brewery West is about 30 miles and the nearest to the East about 100. This as anyone can see gives Blairmore Brewery a decided advantage over any of its competitors, for the trade of The Pass.

### PRESENTATION OF STOCK

In presenting this Stock to the public we firmly believe that we are presenting Stock that will merit the attention of the most conservative investor. We advise you to investigate this proposition at once, as we firmly believe that this stock will be sold in a short time and after this amount is sold the price will be at least double what it is at present. Prospectus and any other information will be sent on application. Send all monies to

THE BLAIRMORE BREWING & MALTING CO., LIMITED,

Blairmore, Alberta.

## WORK WITH COMFORT

THE OLD PAINS AND ACHES ARE NOW ONLY A MEMORY

Tells of the Wonderful Benefits Obtained from

### DR. CHASE'S KIDNEY-LIVER PILLS

Like many another Newfoundland, or living far from doctors, Mr. Stone feels unbounded gratitude for the benefits obtained from the use of Dr. Chase's Kidney-Liver Pills.

For years he had suffered from a congested condition of the liver and kidneys, with headache, backache, pains in limbs and body. Words fail to describe his sufferings as well as the gratitude he has expressed for the cure.

Mr. Alex J. Stone, West Point, Nfld., writes:—"I suppose you thought I had forgotten all about you when I got Dr. Chase's Kidney-Liver Pills, but I haven't. You must excuse mistakes, for like many Newfoundland men I have not much education, but I want to thank you very much for your medicine."

"I cannot tell you what I suffered from liver and kidney derangements, indigestion and constipation, nor can I find words to express how much I value this medicine has done me. I feel better than I have for five years and have given bottles of these Pills to my friends, who tell me they have done them a wonderful lot of good. I want to express my heartfelt gratitude for the benefit derived from the great medicine."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c. a box, at all dealers or Edmondson, Bates & Co., Limited, Toronto.

### Death Roll of Alps

The number of fatalities due to mountain climbing in the Alps has rapidly increased during recent years. According to an authentic compilation, ninety deaths were due to mountain climbing in the Swiss and Italian Alps during the year ended December 1, 1919. To the above figures must be added eighty serious accidents, four of which had fatal effects. The causes of the accidents were ascending mountain peaks without a guide, landslides, defects in the hatching (ropes) and sudden falling in a fog. For many years the English have had the greatest number of victims to lament. This year, however, the Swiss are at the head of the list, followed by the Germans, English, Austrians and Italians respectively. Consul Report.

### Extirpation of Rats and Mice

If there is no trouble in a house, there is no business in getting rid of the use of Gillette's Lye. It is doubtful if the article could be made as fast as it would be used for this purpose alone. The process, connected with using it is very simple, the plan being to sprinkle a little of the article in and around the holes made by these pests in floors, partitions, etc. In addition to the lye, use a little of this piece of board about a foot square, or even smaller, and make a complete circle of the lye around the board about a quarter of an inch deep, and inside of the circle place a small amount of kerosene, endeavoring to get at the bait the feet of the rats and mice will either large or small, will immediately disappear from the premises.

### The Most Ancient Map

After some controversy about the age of various maps that have come down to us from ancient times it has been finally determined that the oldest is in the form of a mosaic in a Byzantine church at Malaba, in Palestine. It is about 1,500 years old and purports to be a map of a part of the Holy Land.

### Stamp With Key Tag

A request on a key tag to return the same through the mails should be carried away by mistake does not always accomplish the desired result, as it requires the buying and placing of a stamp. To add to the chances of a key tag being returned an Indiana hotel man has patented a tag which carries a postage stamp under a disk.

### Pills for Nervous Troubles

The stomach is the centre of the nervous system, and when it is out of order, the healthiest action the result is manifest in disturbances of the nerves. It is almost a universal fact, however, that the first consideration is to restore the stomach to its normal condition, and there is no reader remedy for this than Farnham's Vegetable Pills. Thousands can attest the virtues of these pills in curing nervous disorders.

## CHIEF OF THE JURY OF AWARDS

Prof. W. H. Fairford, Chosen as Chairman of the Jury of the Dry-Farming Exposition.

Lethbridge, Alta.—Prof. W. H. Fairford, Superintendent of the Dominion Experiment Station, has been selected by the Canadian Board of Control as chief of the jury of awards for the International Dry-Farming Exposition, October 20th-28th.

Prof. Fairford is one of the best known and most successful experimental farm directors in Canada, and in the growing of wheat, oats, barley, corn and alfalfa he has years of study and has produced wonderful results through rotation of crops. He ranks as one of the greatest practical demonstrators of modern agriculture in Canada and he is a recognized authority on all matters pertaining to crops, tillage and seed. He is a graduate and former member of the faculty of Colorado Agricultural College.

### The Ultimate Victim

The greatest story in this little store; He had washed his windows and swept his floor, And said, I wonder who'll make a scar.

On the coat of things this morning.

No odds what's wrong, and no odds what's right.

My theory of worry is never light. For somebody comes in and wants to fight.

On the coat of things each morning.

These fraughed eggs, do you understand.

Were brought and I bargained for them to hand.

And the price went up as the eggs went—and

I am blamed for that this morning.

This floor, this rug, this bag of salt.

They came by routes that made prices vault.

For the coat of things this morning.

The people rage and papers howl.

The reformer shouts and the toilers growl.

And the housewife's face wears a bit of gloom.

When she orders things each morning.

Producers, railroad and middleman.

Each makes the product pay all it can.

And the folks put me in the roasting pan.

For the coat of things each morning.

—Chicago Post

### Keep Minard's Liniment in the house.

Understood the Language

An Indianapolis public school teacher, some time ago, she relates, received in her room a small boy from the Kentucky-Tennessee borderland, and she set about teaching him the intricacies of addition. She found he could not do this, and a column of figures readily, but she could not make him understand how to "carry" from one column to another when the total was more than nine.

Finally the teacher called on one of the little girls in the class and told her she would give her a dime if she could make the sum of nine and one.

The girl took the dime and said it so easily, "I carried it over."

How do you carry it over, she asked.

Oh, I told him when he got a number on the right and told the other across, and he knew what I meant right away.—Indianapolis News.

### In the treatment of summer complaints

One of the most effective remedies that can be used is Dr. J. D. Kellogg's Dysentery Cordial. It is a standard remedy for summer complaints, and it is in preference to other preparations. It is a highly concentrated medicine and its sedative and purgative qualities are beyond question. It has been a popular medicine for many years and thousands of people employ it in preference to other preparations. It is a highly concentrated medicine and its sedative and purgative qualities are beyond question. It has been a popular medicine for many years and thousands of people employ it in preference to other preparations.

### Chinese Rice Paper

Chinese rice paper has no rice in its composition. The paper is made of a brittle, pure white material used for the marvelous drawings of Chinese artists in manufacture. The first paper was not made of raw cotton, as is now made, but of a material made in Arabia more than ten centuries ago, and the crusaders brought the industry to Europe, where the first paper manufactory was established in the last years of the thirteenth century.

### Cumbersome Money

One of the largest and most cumbersome forms of money is found in Central Africa, where the natives use a cruciform ingot of copper or iron over ten inches long. It is heavy enough to be a formidable weapon.

### Light and Plant Coloration

Although it has long been known that the reduction or the absence of light may have a profound effect upon the growth of plants, a number of botanical textbooks have not been very precise in defining "darkness," with the result that the scientific community is it is impossible to compare very closely the work of different experimenters.

### Wrong Guess

That man has an idea that he understands women. He's a widower, I believe.

### Nope

It's not his own such idea, it's a bachelor. -Houston Post.

## ST. VITUS DANCE

### IN YOUNG CHILDREN

#### A Striking Example of its Cure By the Tonic Treatment

St. Vitus dance is the commonest form of nervous trouble that afflicts young children, because of the great demand made on the body by growth and development, and there is no direct strain caused by study. It is when these demands become so great that they impoverish the blood, and the nerves fail to receive their full supply of nourishment, that the nervous debility which leads to St. Vitus dance begins.

The remarkable success of Dr. Williams' Pink Pills in curing St. Vitus dance should lead parents to give this great blood-building medicine to their children at the first signs of the approach of the disease. Pail, listlessness, inattention, restlessness and inability to do school work are the early signs that the blood and nerves are failing to meet the demands upon them. It is proof of the power of Dr. Williams' Pink Pills to cure this trouble.

Mrs. J. W. Fowles, Oakville, Ont., says:—"At the age of eleven my daughter was attacked with St. Vitus dance, and despite all we did for her the trouble grew rapidly worse. Soon she was scarcely able to walk, to sit or to stand, and she trembled so, and she was quite unable to feed herself. When she would lie down she would be unable to rise without assistance. As nothing was helping her I wrote a friend who had had her similarly affected, and she advised the use of Dr. Williams' Pink Pills, which had cured her. I at once put a supply of the Pills, and even the use of the first box seemed to show an improvement.

By the time five boxes were used she was completely cured and has had no return of the trouble since." Sold by all medicine dealers, or by mail at 50 cents a box or six boxes for \$2.50 from Dr. Williams' Medicine Co., Brockville, Ont.

### Man as Quadruped

A prominent German biologist maintains that man is a serious mistake when in his development he made a biped of himself. He contends that the backbones of all man was designed for a horizontal position and that many of the ills which he is subject to are due to this departure.

### The Cautious Race

Sandy Hoyle, negro janitor of The Advocate, listened to a discussion by the foreman and the intelligent compositor on the commercial possibilities of the aeroplane. "Sandy seemed deeply interested, but at the close of the conversation he shook his head solemnly and said:

"While folks may do great things with them flying machines, but one thing I know for sure—they won't never need no Jim Crow on 'em."—Greenfield Advocate.

### Strength of Japanese Navy

The present strength of the Japanese navy is as follows: Fourteen battleships of 22,324 tons, one time armored cruiser of 10,950 tons, thirteen first class cruisers, 13,562 tons; seven second class cruisers, 6,000 tons; thirty-three destroyers, 4,713 tons; fifty-seven destroyers, fifty-nine torpedo boats and three submarines. —Scientific American.

## DIVERSIFIED FARMING

Millions of Dollars Sent From Producers of the West to the World for Foodstuffs, While Farmers Ralax Wealth.

The interest in the diversified farming campaign which is being conducted by the Canadian Board of Control through its publicity bureau at Lethbridge, is spreading throughout the western provinces of Canada and is attracting the attention of the world at large.

In a special report of over 7,000 words, published on May 27th in the Dominion and Trade Report, issued by the Department of Commerce and Labor at Washington, D.C.U.S. Consul-General Jones, of Winnipeg, devotes considerable space to the necessity for diversifying farming throughout western Canada.

"Western Canada," says the report, "presents the peculiar anomaly of a country producing a surplus of foodstuffs, while the people of the country are importing most of its food products. Although the prairie provinces have a most fertile soil, capable of producing nearly all kinds of farm products, they have not been able to produce a surplus of foodstuffs for the needs of their population, as the single purpose of the western Canadian farmer seems to be to produce as much wheat as possible.

"No statistics are available showing the enormous production of foodstuffs in the United States and eastern Canada of food products, but most of the population of the United States and eastern Canada come from the eastern provinces and the United States, and the largest portion of western Canada depends on the supply of foodstuffs from the United States and eastern Canada for their needs.

"During 1911 the production of the United States were called upon to supply the deficiency. It is estimated that the importation of milk for the city of Winnipeg alone between November and February averaged \$45,000,000, and the value of the milk for the city of Winnipeg alone between November and February averaged \$45,000,000.

"The United States was also called upon to supply potatoes, for although these are the most productive crops in western Canada, they were not raised in sufficient quantities to meet the demand. The production of 3,700,000 bushels of potatoes in western Canada is not producing enough to supply its immediate needs. It depends upon outsiders for millions of pounds of bacon and mutton, and for weeks at a time the market has been supplied with chilled mutton from Australia and frozen mutton from New Zealand.

"During 1911 the production of Alberta, Saskatchewan and Manitoba valued at \$1,111,297 pounds of butter, valued at \$2,871,671 and 660,735 pounds of cheese valued at \$84,691,000. The United States also produced 14,000,000 bushels of potatoes, valued at \$40,000,000; 24,000 bushels of turnips, valued at \$2,400,000; 2,400,000 tons of clover, valued at \$5,892,000, and the whole of Alberta produced 15,000 tons of sugar beets, valued at \$75,000,000.

"While western Canada has been able to meet the demands of its people for beef, the disappearance of the sheep industry will soon force the importation of beef."

In quoting the livestock receipts at the packing houses at Winnipeg from the provinces of Alberta, Saskatchewan and Manitoba, Consul-General Jones says: "The receipts of livestock from the provinces of Alberta, Saskatchewan and Manitoba for the year ended December 31, 1919, were as follows: Hogs, 1,111,297; cattle, 1,111,297; sheep, 1,111,297; and horses, 1,111,297.

"The receipts of livestock from the provinces of Alberta, Saskatchewan and Manitoba for the year ended December 31, 1919, were as follows: Hogs, 1,111,297; cattle, 1,111,297; sheep, 1,111,297; and horses, 1,111,297.

"The receipts of livestock from the provinces of Alberta, Saskatchewan and Manitoba for the year ended December 31, 1919, were as follows: Hogs, 1,111,297; cattle, 1,111,297; sheep, 1,111,297; and horses, 1,111,297.

## Happenings in and Around Frank

Rev. J. B. Francis and bride, were at the Sanatorium Wednesday, returning to Crescent Heights, Calgary, after an extended honeymoon trip.

The C. P. R. have a gang of men working at the trestle crossing on Gold Creek. It is their intention to put in solid concrete abutments and a good staunch bridge, the whole work estimated to cost in the neighborhood of \$5,000.

Several tenders have been received for the removal of the town, and three have been under consideration, namely, C. W. Palmer, Butte, Montana; Thos. H. Scott, Pincher Creek, and Knight & McFarlane, Calgary. It is likely the contract will be let before the end of this week, and next we will be in a position to announce the different tenders and the figures of the successful tenderer.

## At the Sanatorium

The following were among those who registered at the Rocky Mountain Sanatorium during the week, most of whom were present at the Commercial Travellers' convention on Friday, Saturday and Sunday.

Wednesday - M. Pender, Michel, B. C. W. J. Budd and W. M. Walker, Calgary; C. A. Merrick, Winnipeg; B. Montgomery, W. A. Ross and S. A. Fraser, Pincher Creek.

Thursday - S. D. Penock and E. Gault, Lethbridge; C. H. Gillin, Calgary; Jack Venable, Vancouver; M. Healy, Winnipeg; H. F. McKenzie and wife, High River; Francis Du-Rocher, Nanton.

Friday - J. V. Scrivener, Vancouver; Charles A. Merrick, Winnipeg; W. Barrington Kieley and wife, Miss Brooks and A. W. Crumney, Calgary; Mrs. C. H. Mitchell, Toronto; Miss Partridge, Detroit, Mich.; C. G. Mitchell, F. C. Werley, A. H. McKown, W. H. DeLong, W. J. Ryan, H. B. W. Campbell, Mr. and Mrs. Drury Baker, Mr. and Mrs. F. E. McGaw, Mr. and Mrs. L. M. Peck, Mr. and Mrs. C. J. Kenna, Miss A. Thomson, Miss May Gray, Miss Jones and Mrs. Thaddey, Lethbridge; Thos. H. Scott, Pincher Creek; R. Charlton, David Hay and J. F. Dony, Muelock; John J. Burns and D. J. McCormick, Hamilton, Ontario; Batch, Seville, Cranbrook; H. E. Riddle, Barrie; H. B. Hines, Leth.

Saturday - W. H. Ziegler, Minneapolis; W. Heslop, W. Tover, Lethbridge; W. S. Fair, Hamilton, Ontario; G. A. Short, G. H. Willie, J. D. Peterman, H. C. Berry, M. S. H. F. Fitzsimmons, Calgary; Jas. McCool, New Michel; Mrs. L. H. Putnam, Blairmore; Mr. and Mrs. Shouldice, Carmanagay; F. E. Tibbard, Vancouver; M. C. McMahon and Thos. Doherty, Crows' Nest, Otto Muir, New Michel.

## Coleman Notes

Mrs. J. W. Sadler is visiting friends at Fishburn.

A large number of citizens turned out to the funeral of the late Major Allison on Tuesday afternoon.

The following new additions have been added to the Coleman teaching staff for the approaching term: George McDonald, B.A., of Calgary, principal; Miss Hume, of Watford, Ontario, and Miss McLachlin, of Calgary.

A vast amount of ill health is due to impaired digestion. When the stomach fails to perform its functions properly the whole system becomes deranged. A few doses of Chamberlain's Tablets is all you need. They will strengthen your digestion, invigorate your strength, your bowels, entirely doing away with that miserable feeling due to faulty digestion. Try it. Many others have been permanently cured - why not you? For sale by all dealers.

## Moving the Town

Several houses belonging to the West Canadian Collieries are being moved from Lille to Blairmore, and will be reconstructed on the new townsite.

## Sad Drowning Fatality

Bright Young Life Cut Short in The Presence of His Chums

Richard Wilcox of Frank, is Victim

A very sad drowning accident occurred in town on Wednesday afternoon when Richard Wilcox, eldest son of J. E. Wilcox, was suddenly ushered into the other world.

About 3 o'clock a number of boys of the town went to the old swimming pool for a bath, Richard had got to be a good swimmer and was attempting to cross the pool twice without coming out of the water. He had almost accomplished his feat, but about six feet from the shore something happened and he suddenly sank. No one knows what happened, but probably a cramp of some nature caused the accident.

The boys around tried to get him, but before they could reach him he had sunk for the third time. Then the boys ran for help and the first to reach the place was Walter McGarry, fire boss in Maple Leaf mine, who was on his way to Blairmore. He at once stripped and got into the water. The first time he dived could not do anything, but the second time he succeeded in finding the body and brought it to shore.

Dr. McKay was on hand at once and with several others worked hard to restore life, but it was too late, as life was gone when the body was found.

Great credit is due to Walter McGarry, who proved himself a hero in the work that he did.

It seems impossible to think of Dick as gone. He has grown up amongst us. Not very long ago he took a position with the 41 Market Co. here. Beginning at the bottom he has climbed up and we all rejoiced with him this year, when he was made cutter in the local shop. In that position he became a great favorite and no higher tribute need be paid than the words of eulogy spoken by every nation in town.

We had no better young man in town than Dick, though he was only 17 years, we all thought of him as a man, because he had every element of true manhood. He never allowed himself to be gripped by habits that are ruining other young men. His whole life was pure, and then added to this was a great devotion to his parents and their works to him.

The body was removed to the Methodist church vestry awaiting the arrival of Coroner Pinkney, who decided that an inquest was not necessary.

Mr. and Mrs. Wilcox have the deepest sympathy of the whole community in this, their great bereavement.

The funeral will take place from Knox Methodist church at 10:30 a.m. on Friday, and the remains interred in the Blairmore cemetery.

## In Memory of Son

The parents of Clifton Bowerman, who last year was a pupil of Alberta College, and whose death a few months ago cast a gloom over the college have announced that they will grant a yearly scholarship of \$25 to the college, to be known as the Clifton Bowerman scholarship, in memory of the young man's career in the college. The scholarship will be based on the general influence for good of the winner, and on general proficiency in the course of studies pursued. Mr. and Mrs. Bowerman reside in Cowley.

## Blairmore Locals

The Crows' Nest Flour & Feed Co. and the Blairmore Hardware Co. are each sporting new delivery wagons.

The Burma footballers were highly entertained by the Blairmore boys on their visit here Wednesday evening.

The plasterers have commenced their work on the new Cosmopolitan hotel, and with a big gang of men the work will go on hastily.

Laborers are in great demand throughout The Pass at the present time, and prospectors find difficulty in securing the required number.

Mr. and Mrs. G. P. Hinds, who had been visiting friends in Lethbridge, returned to Blairmore Wednesday and will enjoy another stay with their sons Frank and Ernest before returning to their home in Stillwater, Minnesota.

## Happenings in and Around Bellevue

Fred Padgett arrived back to town on Monday night.

Robert Levitt went to North Fork Saturday for a few days' fishing.

W. J. Scott, of Bruce county, Ontario, is visiting his son Walter for a few days.

An Italian laborer received some slight injuries last Thursday while unloading a car of lumber.

Miss Margaret and Gladys Robertson, of Fernie, are visiting in Bellevue, the guests of Miss Ruby Irwin.

Adam Lorin occupied the pulpit of the Methodist church on Sunday last in the absence of Rev. Mr. Irwin.

The stork visited the home of Mr. and Mrs. James Cousins on Friday and left a howling big daughter.

The well-known Bellevue band is not yet satisfied with its work, and has ordered several additional instruments.

Miss Annie Stubbs, of the post office, who had been spending a vacation in other parts, has returned to the wicket.

Ralph Maddison, of Portland, Oregon, is on a visit to his brother William. He expects to remain for a few days' fishing.

The little three-year-old son of Andrew Mackie died on Thursday of last week. Interment took place at Hillcrest on Saturday.

Louis Britano and Freddie Beale, who staged a sixteen-round boxing contest here on July 27th, have agreed for another bout on Labor Day.

The amount at the recent garden party was \$80, which was equally divided between the Ladies' Aid of the Methodist church and the Bellevue band.

Master William Cousins went under a slight operation for tonsillitis at the hospital on Wednesday. The operation was performed by Drs. MacKenzie and Bell.

Rev. Robert Irwin is spending a few days with his brother William and sister, Miss Ruby Irwin, prior to taking up his duties as pastor of the Fishburn mission.

The band went to the Rocky Mountain Sanatorium on Sunday, where a sacred concert was given to a large audience. The boys report having had a good time.

The election of officers for the Bellevue local union, held recently, resulted in the re-election of E. W. Christie, president; James Burke, financial secretary, and the election of Joseph Ellison as treasurer.

The number of men working in the mines is gradually increasing, quite a number having been added lately. The tippie is now working double shift, and the extra shift is in charge of the former tippie boss of Lille.

A Slavonian miner received a few injuries on Thursday night shortly after entering on the 11 o'clock shift. One arm was broken and several minor wounds inflicted which will necessitate his lying off for some time.

Eugene Schurr, of Burnett & Lang's staff, has said good bye to his numerous friends in this section of The Pass, and has gone to Calgary to enter upon new duties. Mr. Schurr is one of the best known salesmen in The Pass and we bespeak for him a very bright future.

One of the most common ailments that hard working people are afflicted with is lame back. Apply Chamberlain's Liniment twice a day, and massage the parts thoroughly with each application, and you will get quick relief. For sale by all dealers.
